1

Last games

Here the past rounds are displayed. You can see the round number, and the winner and second place.

2

History

Click the Button „HISTORY“ to see all played games of the current session. To see all placed tips of a game, click on the row in the table.

Bonus Round

With a bonus game that randomly sometimes happens, the profit is paid double or triple. You recognize a bonus game on the corresponding 2x or 3x icon.

1 STAKE
The betting stake for the selected game round is displayed here.

2 WIN
Wins of the selected game round are displayed here.

3 Countdown
The time until the start of the next game is displayed here.

4 Credit
The credit is displayed here.

All Videos are pre-recorded and stored on Servers.

Quit or terminate the game
If you quit the game by pressing the Logout button, and you still have open bets, an info box will be opened. There you can confirm to cancel the bets and quit the game.

If you abort the game in a different way, open bets will not be cancelled!

Bets of already started rounds can not be cancelled any more.
